## The above pics are showing our most recent tree job

WOW so much happening at the moment from Weddings to Bank Holidays to everything growing in the garden, and with this lovely weather were having it won't stop!

**APRIL-** April is a month to enjoy the first rays of proper Spring sunshine in the garden. Lawns will start to grow rapidly and will need regular mowing as well as feeding to look their best throughout the season. Weeds will also be thriving so keep an eye on the flower beds and vegetable patches. Turn over flower beds and compost piles regularly.

**MAY-** As you're all aware we've been having some lovely hot weather, but don't forget it's essential to start watering the garden regularly. Check plants for signs of pests and deal promptly with any aphids or slugs. If you want to transplant any trees or shrubs do it now before the heat of Summer fully arrives.

*Over the last few months we have been lucky enough to have a number of new clients join JMProperties, so I'd like to say **thank you and welcome** to JMProperties.*
